

The Theatre:

The building offers an 80 seat maximum seating capacity, with a sixteen by sixteen two tier stage. Each tier is approximately 8 feet deep by 16 feet wide. The stage egress is located at lower stage right. (1)

There are three entrances on the upper stage: right (2) left (3) and upper left (4), and lower stage left (5). The rise from lower stage to the upper stage is approximately two feet high. The backstage area is approximately 6 feet by 14 feet with one change area. The rise of the lower stage to the audience is approximately three feet.

There is no access to washrooms nor egress from exit stage left or back stage without entering and crossing onto the general stage area.

There are no front stage stairs to audience, you must exit on lower stage right to access audience. The area from the stage end to the first row is approximately six feet.
